What should be a triumphant comeback quickly unravels, as players suffer a crushing defeat at the hands of one of Paul Heyman's champions, Bron Breaker and Jordynne Grace. MyRISE challenges players to make important choices and decide what kind of Superstar they want to become, and if they will fight their way back to the top with honor, or turn their back on the WWE Universe, embracing deception to reclaim championship glory. - **Universe - The Draft is Here:** In WWE 2K's popular sandbox mode, where players control feuds, storylines, and match outcomes, several new additions add to the customization and control players experience as they build their own WWE Universe. After years of community requests, the WWE Draft makes its debut, allowing players to trade Superstars between their different show rosters over an entire week. Players can also create, edit, or remove drafts from their Universe, mixing things up and keeping the action fresh and exciting. Other new introductions include new Universe Creation Wizard, Watch Show mode, improved Money in the Bank cash-ins, and additional Promo types. Check out the Ringside Report [here](#);
- **The Island - New Storyline and Environment, Available on All Platforms:** 2K's WWE-themed world is now bigger and more social than ever, and available for the first time on PC. In The Island's new storyline, Roman Reigns is no longer the top dog. Three Orders, each with a distinct identity and methodology, are now vying for control: The Order of Tradition, led by Cody Rhodes, The Order of Shadows led by Rhea Ripley, and the Order of Anarchy led by CM Punk. Players must choose which Order to join, which will influence their viewpoint as the story unfolds. The new Scrapyard Brawl environment, fresh Towers, new shops and branded gear, an expanded MySUPERSTAR builder with face-photo importing, plus upgraded quests, complete with Superstar voiceovers, cutscenes and dialogue screens, enhance the immersive experience. Players collect new card designs and boost their performance with the new Faction Chemistry and run-in support. New themed card packs and goals will continue to roll out regularly throughout the year with seasonal content refreshes. Check out the Ringside Report [here](#);
