Management Comments

"Our positive momentum continued in the fiscal second quarter with operating results that significantly exceeded our expectations," said Strauss Zelnick, Chairman and CEO of Take-Two. "Our terrific results were highlighted by the outperformance of *NBA 2K*, *PGA TOUR 2K21*, and the *Mafia: Definitive Editions* and *Mafia: Trilogy*, reflecting our ability to deliver consistently the highest quality entertainment experiences to consumers.

"As a result of our better-than-expected second quarter operating results and increased forecast for the balance of the year, we are raising our fiscal 2021 outlook, and we now expect record Net Bookings of over \$3 billion.

"With the strongest development pipeline in the history of the Company and our ongoing investment in emerging markets, platforms and business models, Take-Two is exceedingly well positioned to capitalize on the many positive trends in our industry and to generate growth and margin expansion over the long-term."

COVID-19 Response

At Take-Two, our number one priority is the health and safety of our employees and their families. After moving to work-from-home environments by mid-March, several of our offices have re-opened on a voluntary basis. With more people staying at home, we have experienced, and are continuing to experience, heightened levels of engagement and Net Bookings growth-to-date. The full extent of the impact of the COVID-19 pandemic to our business, operations and financial results will depend on numerous evolving factors that we are not able to predict. The key risks to our business are set forth under the heading "Cautionary Note Regarding Forward-Looking Statements" in this release and in Take-Two's Annual Report on Form 10-K for the fiscal year ended March 31, 2020.

Non-GAAP Financial Measure

In addition to reporting financial results in accordance with U.S. generally accepted accounting principles (GAAP), the Company uses a Non-GAAP measure of financial performance: *Adjusted Unrestricted Operating Cash Flow*, which is defined as GAAP net cash from operating activities, adjusted for changes in restricted cash. The Company's management believes it is important to consider Adjusted Unrestricted Operating Cash Flow, in addition to net cash from operating activities, as it provides more transparency into current business trends without regard to the timing of payments from restricted cash, which is primarily related to a dedicated account limited to the payment of certain internal royalty obligations.

This Non-GAAP financial measure is not intended to be considered in isolation from, as a substitute for, or superior to, GAAP results. This Non-GAAP financial measure may be different from similarly titled measures used by other companies. In the future, Take-Two may also consider whether other items should also be excluded in calculating this Non-GAAP financial measure used by the Company. Management believes that the presentation of this Non-GAAP financial measure provides investors with additional useful information to measure Take-Two's financial and operating performance. In particular, this measure facilitates comparison of our operating performance between periods and may help investors to understand better the operating results of Take-Two. Internally, management uses this Non-GAAP financial measure in assessing the Company's operating results and in planning and forecasting. A reconciliation of this Non-GAAP financial measure to the most comparable GAAP measure is contained in the financial tables to this press release.

Final Results

The financial results discussed herein are presented on a preliminary basis; final data will be included in Take-Two's Quarterly Report on Form 10-Q for the period ended September 30, 2020.
