PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON FRIDAY, JUNE 14, 2002

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Take-Two Interactive Software, Inc. (the "Company") for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Friday, June 14, 2002, including any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of Meeting.

Management intends to mail this proxy statement and the accompanying form of proxy to stockholders on or about May 14, 2002.

Proxies in the accompanying form, duly executed and returned to the management of the Company and not revoked, will be voted at the Annual Meeting. A proxy given pursuant to such solicitation may be revoked by the stockholder at any time prior to the voting of the proxy by a subsequently dated proxy, by written notification to the Secretary of the Company, or by personally withdrawing the proxy at the Annual Meeting and voting in person.

The address and telephone number of the principal executive offices of the Company are: 575 Broadway, New York, New York 10012, Telephone No.: (212) 334-6633.

The following questions and answers provide important information about the Annual Meeting and this proxy statement:

Q. What am I voting on?

A. - Election of directors: Ryan A. Brant, Kelly Sumner, Paul Eibeler, Oliver R. Grace, Jr., Robert Flug, Todd Emmel, Mark Lewis and Steven Tisch.

- A proposal to adopt the Company's 2002 Stock Option Plan and to provide for 3,000,000 shares to be reserved for issuance under the plan.

Q. Who is entitled to vote?

A. Stockholders as of the close of business on May 6, 2002 are entitled to vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held.

Q. How do I vote?

A. You may sign and date each paper proxy card you receive and return it in the prepaid envelope. If you return your signed proxy but do not indicate your voting preferences, we will vote on your behalf FOR the election of the directors specified above and the adoption of the Company's 2002 Stock Option Plan. You have the right to revoke your proxy any time before the meeting by (1) notifying the Company's Secretary, or (2) returning a later-dated proxy. You may also revoke your proxy by voting in person at the Annual Meeting.

You may also vote by telephone or via the Internet. See Voting by Telephone or via the Internet below for further details. Please note that there are separate telephone and Internet voting arrangements depending upon whether shares are registered in your name or in the name of a bank or broker.

Q. How do I sign the paper proxy card?

A. Sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as an attorney, executor, administrator, guardian, trustee, or the officer or agent of a company), you should indicate your name and title or capacity. If the stock is held in custody for a minor (for example, under the Uniform Transfers to Minors Act), the custodian should sign the proxy card, not the minor. If the stock is held in joint ownership, one owner may sign on behalf of all the owners.

Q. What does it mean if I receive more than one proxy card?

A. It may mean that you hold shares registered in more than one account. Sign and return all proxy cards to ensure that all your shares are voted. You may call American Stock Transfer & Trust Company at 1-800-937-5449 if you have any questions regarding the share information or your address appearing on the paper proxy card.

Q. Who will count the votes?

A. A representative of American Stock Transfer & Trust Company will tabulate the votes and act as independent inspector of election.

Q. What constitutes a quorum?

A. A majority of the outstanding shares present or represented by proxy constitutes a quorum for the Annual Meeting. As of May 6, 2002, 37,746,998 shares of the Company's common stock were issued and outstanding.

Q. How many votes are needed for the election of directors and to adopt the 2002 Stock Option Plan?

A. Directors will be elected by a plurality of the votes cast at the Annual Meeting, meaning the nominees receiving the highest number of votes will be elected directors. Only votes cast for a nominee will be counted, except that a properly executed proxy that does not specify a vote with respect to the nominees will be voted for the Company's nominees listed on the proxy card. Abstentions and broker non-votes (as described below) will have no effect on the election of directors.

The proposal to adopt the 2002 Stock Option Plan will be approved if the votes cast for the proposal exceed those cast against the proposal. Broker non-votes will not be counted as votes cast either for or against the proposals.

Q. What is a "broker non-vote"?

A. A "broker non-vote" occurs when a broker submits a proxy that does not indicate a vote for some of the proposals because the broker has not received instructions from the beneficial owners of how to vote on such proposals and does not have discretionary authority to vote in the absence of instructions.

OUTSTANDING STOCK AND VOTING RIGHTS

Only stockholders of record at the close of business on May 6, 2002 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. As of the Record Date, there were issued and outstanding 37,746,998 shares of the Company's Common Stock, \$.01 par value per share (the "Common Stock"). Each share of Common Stock entitles the holder to one vote on each matter submitted to a vote at the Annual Meeting.

VOTING PROCEDURES AND PROXY INFORMATION

The directors will be elected by the affirmative vote of a plurality of the shares of Common Stock present in person or represented by proxy at the Annual Meeting, provided a quorum exists. A quorum is established if, as of the Record Date, at least a majority of the outstanding shares of Common Stock are present in person or represented by proxy at the Annual Meeting. Adoption of the Company's 2002 Stock Option Plan requires the affirmative vote of a majority of the votes cast by the holders of shares of Common Stock entitled to vote on the matter at the Annual Meeting, provided a quorum exists. All other matters at the meeting will be decided by the affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote on the subject matter, provided a quorum exists. Votes will be counted and certified by one or more Inspectors of Election who are expected to be employees of American Stock Transfer & Trust Company, the Company's transfer agent.

In accordance with Delaware law, abstentions and "broker non-votes" (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining the presence of a quorum. For purposes of determining approval of a matter presented at the meeting, abstentions will be deemed present and entitled to vote and will, therefore, have the same legal effect as a vote "against" a matter presented at the meeting. Broker non-votes will be deemed not entitled to vote on the subject matter as to which the non-vote is indicated. Abstentions and broker non-votes will have no effect on the election of directors. Broker non-votes will have no effect on the proposal to adopt the 2002 Stock Option Plan.

The enclosed proxies will be voted in accordance with the instructions thereon. Unless otherwise stated, all shares represented by such proxy will be voted as instructed. Proxies may be revoked as noted above.

The entire cost of soliciting proxies, including the costs of preparing, assembling, printing and mailing this Proxy Statement, the proxy and any additional soliciting material furnished to stockholders, will be borne by the Company. Arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to the beneficial owners of stock, and these entities may be reimbursed by the Company for their expenses. Proxies also may be solicited by directors, officers or employees of the Company in person or by telephone, telegram or other means. No additional compensation will be paid to such individuals for these services.

VOTING BY TELEPHONE OR VIA THE INTERNET

For Shares Registered in the Name of a Brokerage Firm or Bank. A number of brokerage firms and banks are participating in a program provided through ADP Investor Communication Services that offers telephone and Internet voting options. This program is different than the program provided by American Stock Transfer & Trust Company for shares registered in the name of the stockholder. If your shares are held in an account at a brokerage firm or bank participating in the ADP program, you may vote those shares telephonically by calling the telephone number referenced on your voting form. If your shares are held in an account at a brokerage firm or bank participating in the ADP program, you are offered the opportunity to elect to vote via the Internet. Votes submitted via the Internet through the ADP program must be received by 11:59 p.m. (EDT) on June 13, 2002. The giving of such proxy will not affect your right to vote in person should you decide to attend the Annual Meeting.

For Shares Directly Registered in the Name of the Stockholder. Stockholders with shares registered directly with American Stock Transfer & Trust Company may vote telephonically by calling American Stock Transfer & Trust Company at 1-800-776-9437 or you may vote via the Internet at www.voteproxy.com.

The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. Stockholders voting via the Internet through either American Stock Transfer & Trust Company or ADP Investor Communication Services should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

(1) The potential realizable value columns of the table illustrate values that might be realized upon exercise of the options immediately prior to their expiration, assuming the Common Stock appreciates at the compounded rates specified over the term of the options. These numbers do not take into account provisions of certain options providing for termination of the option following termination of employment or non-transferability of the options and do not make any provision for taxes associated with exercise. Because actual gains will depend upon, among other things, future performance of the common stock, there can be no assurance that the amounts reflected in this table will be achieved.

The following table sets forth information concerning the value of options exercised during the fiscal year ended October 31, 2001 and the value of unexercised stock options held by the Named Executives as of October 31, 2001:

Compensation Committee Interlocks And Insider Participation

The Company has a Compensation Committee of the Board of Directors comprised of non-employee directors and currently consisting of Messrs. Grace and Flug. Decisions as to executive compensation are made by the Board of Directors, based primarily upon the recommendation of such Committee. The Board of Directors (which includes such individuals) has not modified or rejected any recommendations of the Compensation Committee as to the compensation of the Company's executive officers. During the fiscal year ended October 31, 2001, none of the executive officers of the Company has served on the board of directors or the compensation committee of any other entity, any of whose officers serves on the Company's Board of Directors or Compensation Committee.

Report On Executive Compensation

As noted above, compensation of the Company's executive officers is determined by the Board of Directors pursuant to recommendations made by the Compensation Committee. There is no formal compensation policy for the Company's executive officers, other than the employment agreements described above.

Base Salary. Compensation for executive officers consists of base salary, bonus and stock option awards. The base salary of the Company's executives are fixed pursuant to the terms of their respective employment agreements with the Company. The Compensation Committee reviews the salary of executive officers for reasonableness based on job responsibilities and a limited review of compensation practices for comparable positions at corporations which compete with the Company in its business or are of comparable size and scope of operations. The Committee's recommendations to the Board of Directors are based primarily on informal judgments reasonably believed to be in the best interests of the Company. In determining the base salaries of the Company's executives, the Committee considered the Company's significant and rapid growth. Salaries are reevaluated by the Committee each year to determine whether such salaries are reasonable in light of each executive's expected duties.

Bonuses. Bonuses for the Company's executive officers are not determined through the use of specific criteria. Rather, the Committee determines bonuses based on the Company's overall performance, profitability, working capital management and other qualitative and quantitative measurements. In determining the amount of bonuses awarded, the Committee considers the Company's revenues and profitability for the applicable period and each executive's contribution to the success of the Company. The Company's executive officers received bonuses which were deemed appropriate based upon the Company's operating results during the fiscal year.

Stock Options. Stock option awards are intended to attract, retain and motivate personnel by affording them an opportunity to receive additional compensation based upon the performance of the Company's Common Stock. The size and grant of actual awards is determined by the Committee on an informal basis. The Committee's determination as to the size of actual awards to individual executives is subjective, after taking into account the relative responsibilities and contributions of the individual executives. The number or value of options or "restricted stock" currently held by an executive is not taken into account in determining the number of stock options granted.

In reviewing Mr. Sumner's performance and determining compensation, the Committee considered the Company's overall performance, including revenue growth and the significantly expanded global scope of the Company's operations. Mr. Sumner's salary, bonus and stock option awards for the year ended October 31, 2001 were based on the Company's overall performance, with no component of such compensation based on any particular measure of performance.

STOCK PERFORMANCE GRAPH

The following line graph compares, from April 14, 1997, the first day on which the Company's Common Stock was publicly traded, through October 31, 2001, the cumulative total stockholder return on the Company's Common Stock with the cumulative total return on the stocks comprising the NASDAQ Market Value Index and the stocks comprising a Peer Group Index consisting of 3DO Company, Acclaim Entertainment, Activision, Inc., Eidos PLC, Electronic Arts, Inc., GT Interactive Software, Interplay Entertainment, Midway Games and THQ Inc. The comparison assumes \$100 was invested on April 14, 1997 in the Company's Common Stock and in each of the foregoing indices and assumes reinvestment of all cash dividends, if any, paid on such securities. The Company has not paid any cash dividends and, therefore, the cumulative total return calculation for the Company is based solely upon stock price appreciation and not upon reinvestment of cash dividends. Historical stock price is not necessarily indicative of future stock price performance.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's principal executive and administrative office, located at 575 Broadway, New York, New York, is approximately 13,300 square feet of office space under a five-year lease with 575 Broadway Corporation, a company controlled by the father of Ryan A. Brant, the Company's Chairman. The Company pays rent of \$474,000 per annum under this lease. The Company believes that the terms of the lease are no less favorable than those that could have been obtained from an unaffiliated party.

PROPOSAL I

ADOPTION OF THE COMPANY'S 2002 STOCK OPTION PLAN

At the Annual Meeting, the Company's stockholders will be asked to approve the adoption of the Company's 2002 Stock Option Plan and to provide for 3,000,000 shares of Common Stock to be reserved for issuance under the 2002 Stock Option Plan.

The Board believes that in order to enable the Company to continue to attract and retain personnel of the highest caliber, provide incentive for officers, directors, key employees and other key persons and continue to promote the well-being of the Company, it is in the best interest of the Company and its stockholders to provide to officers, directors, key employees, consultants and other independent contractors who perform services for the Company, through the granting of stock options, the opportunity to participate in the value and/or appreciation in value of the Company's Common Stock. The Board has found that the grant of options under stock option plans has proven to be a valuable tool in attracting and retaining key employees. It believes that such authority, in view of the substantial growth of the Company and need to continue to grow, should be expanded to include the adoption of the 2002 Stock Option Plan. The Board believes that such authority will provide the Company with significant means to continue to attract and retain talented personnel and maintain current key employees. The Board also believes that the 2002 Stock Option Plan, if adopted, will provide the Board with more flexibility to set the terms of individual option grants than the Company's 1997 Stock Option Plan.

To date, no options have been granted under the 2002 Stock Option Plan. If the 2002 Stock Option Plan is approved by the Company's stockholders, options to purchase up to 3,000,000 shares of Common Stock may be granted under the plan by the Board or a Committee of the Board responsible for administering the plan. The timing and specific terms of any grants and the recipients of any grants cannot be determined at this time.

The following summary of the 2002 Stock Option Plan does not purport to be complete and is qualified in its entirety by reference to the full text of the 2002 Stock Option Plan attached as Exhibit B to this Proxy Statement.

Summary of the 2002 Stock Option Plan

In April 2002, the Board of Directors approved the 2002 Stock Option Plan, and recommended that the Company's stockholders adopt the 2002 Stock Option Plan at the Annual Meeting of Stockholders. Pursuant to the 2002 Stock Option Plan, officers, directors, employees and consultants of the Company will be eligible to receive incentive stock options ("Incentive Stock Options") as provided in Section 422 of the Internal Revenue Code of 1986, as amended, (the "Code"), and "non-qualified" stock options to purchase up to an aggregate of 3,000,000 shares of Common Stock. The number of shares of Common Stock that may be granted and the timing of grants to executive officers and non-executive officers of the Company under the 2002 Stock Option Plan is subject to the discretion of the Board of Directors or a Committee of the Board that will administer the plan. On May 8, 2002, the closing price of the Company's Common Stock as reported by NASDAQ was \$ 25.46.

The 2002 Stock Option Plan will be administered by the Board or a Committee appointed by the Board. The Board or Committee will determine, among other things, the persons to whom options will be granted, the types of options granted, the number of shares subject to options and the exercise price, provided that the exercise price of all Incentive Stock Options and non-qualified stock options granted must be at least equal to 100% of the fair market value of the Common Stock on the date of grant (110% in the case of Incentive Stock Options granted to stockholders who own more than 10% of the outstanding Common Stock) or earlier as determined by the Board or Committee or as otherwise set forth in the plan. The Board or Committee also determines the term of each option, the restrictions or limitations thereof and the manner in which each option may be exercised. Options granted under the plan will expire not later than the tenth anniversary of the date of grant (the fifth anniversary in the case of Incentive Stock Options granted to stockholders who own more than 10% of the outstanding Common Stock). With certain limited exceptions, in the event that an option holder ceases to be employed by the Company, such option holder's options terminate. Pursuant to the provisions of the 2002 Stock Option Plan, the aggregate fair market value, determined as of the date(s) of grant, for which Incentive Stock Options are first exercisable by an option holder during any calendar year cannot exceed \$100,000.

In January 1997, the stockholders of the Company approved the 1997 Stock Option Plan, as amended. As of May 6, 2002, there were outstanding options to purchase 1,782,263 shares of Common Stock under the 1997 Stock Option Plan at an average exercise price of \$11.29. As of such date, no options were available for grant under the 1997 Stock Option Plan. In addition, as of May 6, 2002, there were outstanding non-plan options to purchase 3,487,261 shares at an average exercise price of \$11.68.

Certain Federal Income Tax Consequences of the 2002 Stock Option Plan

The following is a brief summary of the Federal income tax aspects of grants made under the 2002 Stock Option Plan based upon statutes, regulations and interpretations in effect on the date hereof. This summary is not intended to be exhaustive, and does not describe state or local tax consequences.

1. Incentive Stock Options. The participant will recognize no taxable income upon the grant or exercise of an Incentive Stock Option. Upon a disposition of the shares after the later of two years from the date of grant and one year after the transfer of the shares to the participant, (i) the participant will recognize the difference, if any, between the amount realized and the exercise price as long-term capital gain or long-term capital loss (as the case may be) if the shares are capital assets in his or her hands; and (ii) the Company will not qualify for any deduction in connection with the grant or exercise of the options. The excess, if any, of the fair market value of the shares on the date of exercise of an Incentive Stock Option over the exercise price will be treated as an item of adjustment for his or her taxable year in which the exercise occurs and may result in an alternative minimum tax liability for the participant. In the case of a disposition of shares in the same taxable year as the exercise where the amount realized on the disposition is less than the fair market value of the shares on the date of exercise, there will be no adjustment since the amount treated as an item of adjustment, for alternative minimum tax purposes, is limited to the excess of the amount realized on such disposition over the exercise price which is the same amount included in regular taxable income.

If Common Stock acquired upon the exercise of an Incentive Stock Option is disposed of prior to the expiration of the holding periods described above, (i) the participant will recognize ordinary compensation income in the taxable year of disposition in an amount equal to the excess, if any, of the lesser of the fair market value of the shares on the date of exercise or the amount realized on the disposition of the shares, over the exercise price paid for such shares; and (ii) the Company will qualify for a deduction equal to any such amount recognized, subject to the requirements of Section 162(m) of the Code and that the compensation be reasonable. The participant will recognize the excess, if any, of the amount realized over the fair market value of the shares on the date of exercise, if the shares are capital assets in his or her hands, as short-term or long-term capital gain, depending on the length of time that the participant held the shares, and the Company will not qualify for a deduction with respect to such excess.

Subject to certain exceptions for disability or death, if an Incentive Stock Option is exercised more than three months following the termination of the participant's employment, the option will generally be taxed as a Non-Qualified Stock Option.

2. Non-Qualified Stock Options. With respect to non-qualified stock options (i) upon grant of the option, the participant will recognize no income; (ii) upon exercise of the option (if the shares are not subject to a substantial risk of forfeiture), the participant will recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise over the exercise price, and the Company will qualify for a deduction in the same amount, subject to the requirements of Section 162(m) of the Code and that the compensation be reasonable; (iii) the Company will be required to comply with applicable Federal income tax withholding requirements with respect to the amount of ordinary compensation income recognized by the participant; and (iv) on a sale of the shares, the participant will recognize gain or loss equal to the difference, if any, between the amount realized and the sum of the exercise price and the ordinary compensation income recognized. Such gain or loss will be treated as short-term or long-term capital gain or loss if the shares are capital assets in the participant's hands depending upon the length of time that the participant held the shares.

The Board believes that the adoption of the 2002 Stock Option Plan will help the Company attract and retain qualified officers, directors and key employees. Accordingly, the Board believes that the adoption of the 2002 Stock Option Plan is in the best interest of the Company and unanimously recommends a vote FOR its approval.

TAKE TWO INTERACTIVE SOFTWARE INC.
AUDIT COMMITTEE CHARTER

Composition

There shall be a committee of the board of directors (the "Board") of Take-Two Interactive Software, Inc. (the "Company") to be known as the audit committee which, no later than June 14, 2001, shall have at least three (3) members, comprised solely of independent directors, as such term is defined in Marketplace Rule 4200(a)(15) of the National Association of Securities Dealer's, Inc. ("NASD"), subject to the exception in NASD Marketplace Rule 4460(d)(2)(B).

Each member of the audit committee shall be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement or will become able to do so within a reasonable period of time after his or her appointment to the audit committee. In addition, at least one member of the audit committee shall have past employment experience in finance or accounting, requisite professional certification in accounting or any other comparable experience or background which results in the individual's financial sophistication, including, but not limited to, being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

The Board shall elect or appoint a chairperson of the audit committee who will have authority to act on behalf of the audit committee between meetings.

Responsibilities

The responsibilities of the audit committee are as follows:

- o Ensure its receipt from the outside auditor of a formal written statement, delineating all relationships between the outside auditor and the Company consistent with the Independence Standards Board Standard 1.
- o Actively engage in a dialogue with the outside auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the outside auditor and be responsible for taking, or recommending that the Board take, appropriate action to oversee the independence of the outside auditor.
- o In view of the outside auditor's ultimate accountability to the Board and the audit committee, as representatives of the stockholders, the audit committee, acting together with the Board, has the ultimate authority and responsibility to select, evaluate, and, where appropriate, replace the outside auditor (or, if applicable, nominate an outside auditor for stockholder approval in any Company proxy statement).
- o Review with the outside auditor, the company's internal auditor (if any), and financial and accounting personnel, the adequacy and effectiveness of the accounting and financial controls of the Company, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable.

- o Make such other recommendations to the Board on such matters, within the scope of its functions, as may come to its attention and which in its discretion warrant consideration by the Board.

Limitations

The audit committee is responsible for the duties set forth in this charter but is not responsible for either the preparation of the financial statements or the auditing of the financial statements. Management has the responsibility for preparing the financial statements and implementing internal controls and the independent accountants have the responsibility for auditing the financial statements and monitoring the effectiveness of the internal controls. The review of the financial statements by the audit committee is not an audit nor is it of the same quality as an audit. The audit is performed by the Company's independent outside auditors. In carrying out its responsibilities, the audit committee believes its policies and procedures should remain flexible in order to best react to a changing environment.

The Board of Directors or the Committee, as the case may be, may delegate to one or more of its members or to one or more agents such administrative duties as it may deem advisable, and the Board of Directors or the Committee, as the case may be, or any person to whom it has delegated duties as aforesaid may employ or engage one or more persons to render advice with respect to any responsibility the Board of Directors or the Committee, as the case may be, or such person may have under the 2002 Plan.

4. Eligibility; Factors to be Considered in Granting Options. Incentive Options shall be limited to persons who are employees of the Company or its present and future Subsidiaries or, if applicable, its present and future Parent and at the date of grant of any option are in the employ of the Company or its present and future Subsidiaries or Parent. In determining the employees to whom Incentive Options shall be granted and the number of shares to be covered by each Incentive Option, the Board of Directors or the Committee, as the case may be, shall take into account the nature of employees' duties, their present and potential contributions to the success of the Company and such other factors as it shall deem relevant in connection with accomplishing the purposes of the 2002 Plan. An employee who has been granted an option or options under the 2002 Plan may be granted an additional option or options, subject, in the case of Incentive Options, to such limitations as may be imposed by the Code on such options. Except as provided below, a Non-Qualified Option may be granted to any person, including, but not limited to, employees, independent agents, consultants, attorneys and advisors, who the Board of Directors or the Committee, as the case may be, believes has contributed, or will contribute, to the success of the Company.

5. Option Price. The purchase price of the Common Stock covered by each option shall be determined by the Board of Directors or the Committee, as the case may be, and shall not be less than 100% of the Fair Market Value (as defined in Paragraph 15 hereof) of a share of the Common Stock on the date on which the option is granted. Such price shall be subject to adjustment as provided in Paragraph 12 hereof. The Board of Directors or the Committee, as the case may be, shall determine the date on which an option is granted; in the absence of such a determination, the date on which the Board of Directors or the Committee, as the case may be, adopts a resolution granting an option shall be considered the date on which such option is granted.

6. Term of Options. The term of each option shall be not more than 10 years from the date of grant, as the Board of Directors or the Committee, as the case may be, shall determine, subject to earlier termination as provided in Paragraphs 10 and 11 hereof.

7. Exercise of Options. (a) Subject to the provisions of the 2002 Plan, options granted under the 2002 Plan shall become exercisable as determined by the Board of Directors or Committee, as the case may be. In its sole discretion, the Board of Directors or the Committee, as the case may be, may, in any case or cases, prescribe that options granted under the 2002 Plan become exercisable in installments or provide that an option may be exercisable in full immediately upon the date of its grant or at a later date. The Board of Directors or the Committee, as the case may be, may, in its sole discretion, also provide that an option granted pursuant to the 2002 Plan shall immediately become exercisable in full upon the happening of any of the following events or such other events as the Board of Directors or the Committee, as the case may be, determines: (i) a "change in control" of the Company as hereafter defined; or (ii) with respect to an employee, on his 65th birthday. In the event of a question or controversy as to whether or not any of the events hereinabove described has taken place, a determination by the Board of Directors or the Committee, as the case may be, that such event has or has not occurred shall be conclusive and binding upon the Company and participants in the 2002 Plan.

(b) For purposes of the 2002 Plan, a "change in control of the Company" shall be deemed to occur, unless previously consented to in writing by the optionee or any person entitled to act under Paragraph 11 hereof, upon (i) the actual acquisition or the execution of an agreement to acquire 50% or more of the voting securities of the Company by any person or entity not affiliated with the grantee, or any person entitled to act under Paragraph 11 hereof (other than pursuant to a bona fide underwriting agreement relating to a public distribution of securities of the Company), (ii) the commencement of a tender or exchange offer for more than 50% of the voting securities of the Company by any person or entity not affiliated with the grantee, or any persons entitled to act under Paragraph 11 hereof, (iii) the commencement of a proxy contest against the management for the election of a majority of the Board of Directors of the Company if the group conducting the proxy contest owns, has or gains the power to vote at least 50% of the voting securities of the Company, (iv) a vote by the Board of Directors to merge, consolidate, sell all or substantially all of the assets of the Company to any person or entity not affiliated with the grantee, or any persons entitled to act under Paragraph 11 hereof, or (v) the election of directors constituting a majority of the Board of Directors who have not been nominated or approved by the Company; provided, however, for purposes of the 2002 Plan, it shall not be deemed a change in control of the Company if such person or entity acquires 50% or more of the voting securities of the Company (A) as a result of a combination of the Company or a wholly-owned subsidiary of Company with another entity owned or controlled by such persons or entity (whether effected by a merger, sale of assets or exchange of stock or otherwise) (the "Combination") and (B) after completion of the Combination and for a continuous period of not less than twelve (12) months thereafter (I) executive officers of the Company (as designated in the Company's most recent Annual Report on Form 10-K or its most recent Proxy Statement filed with the Securities and Exchange Commission with respect to its Annual Meeting of Stockholders) immediately prior to the Combination constitute not less than 50% of the executive officers of the Company after the Combination or (II) the members of the Board of Directors of Company immediately prior to the Combination constitute not less than 50% of the membership of the Board of Directors of the Company after the Combination. For purposes of calculating the executive officers of the Company after the Combination, those executive officers who are terminated by the Company for cause or who terminate their employment without good reason, as determined by the Board of Directors or Committee shall be excluded from the calculation entirely.

(c) Any option at any time granted under the 2002 Plan may contain a provision to the effect that the optionee (or any persons entitled to act under Paragraph 11 hereof) may, at any time at which Fair Market Value is in excess of the exercise price and prior to exercising the option, in whole or in part, request that the Company purchase all or any portion of the option as shall then be exercisable at a price equal to the difference between (i) an amount equal to the option price multiplied by the number of shares subject to that portion of the option in respect of which such request shall be made and (ii) an amount equal to such number of shares multiplied by the fair market value of the Company's Common Stock (within the meaning of Section 422 of the Code and the treasury regulations promulgated thereunder) on the date of purchase. The Company shall have no obligation to make any purchase pursuant to such request, but if it elects to do so, such portion of the option as to which the request is made shall be surrendered to the Company. The purchase price for the portion of the option to be so surrendered shall be paid by the Company, less any applicable withholding tax obligations imposed upon the Company by reason of the purchase, at the election of the Board of Directors or the Committee, as the case may be, either in cash or in shares of Common Stock (valued as of the date and in the manner provided in clause (ii) above), or in any combination of cash and Common Stock, which may consist, in whole or in part, of shares of authorized but unissued Common Stock or shares of Common Stock held in the Company's treasury. No fractional share of Common Stock shall be issued or transferred and any fractional share shall be disregarded. Shares covered by that portion of any option purchased by the Company pursuant hereto and surrendered to the Company shall not be available for the granting of further options under the 2002 Plan. All determinations to be made by the Company hereunder shall be made by the Board of Directors or the Committee, as the case may be.

Any option granted under the 2002 Plan may also contain a provision to the effect that the payment of the exercise price may be made by delivery to the Company by the optionee of an executed exercise form together with irrevocable instructions to a broker-dealer to sell or margin a sufficient portion of the shares sold or margined and deliver the sale or margin loan proceeds directly to the Company to pay for the exercise price.

(d) An option may be exercised, at any time or from time to time (subject, in the case of Incentive Options, to such restrictions as may be imposed by the Code), as to any or all full shares as to which the option has become exercisable until the expiration of the period set forth in Paragraph 6 hereof, by the delivery to the Company, at its principal place of business, of (i) written notice of exercise in the form specified by the Board of Directors or the Committee, as the case may be, specifying the number of shares of Common Stock with respect to which the option is being exercised and signed by the person exercising the option as provided herein, (ii) payment of the purchase price; and (iii) in the case of Non-Qualified Options, payment in cash of all withholding tax obligations imposed on the Company by reason of the exercise of the option. Upon acceptance of such notice, receipt of payment in full, and receipt of payment of all withholding tax obligations, the Company shall cause to be issued a certificate representing the shares of Common Stock purchased. In the event the person exercising the option delivers the items specified in (i) and (ii) of this Subsection (d), but not the item specified in (iii) hereof, if applicable, the option shall still be considered exercised upon acceptance by the Company for the full number of shares of Common Stock specified in the notice of exercise but the actual number of shares issued shall be reduced by the smallest number of whole shares of Common Stock which, when multiplied by the Fair Market Value of the Common Stock as of the date the option is exercised, is sufficient to satisfy the required amount of withholding tax.

(e) If the payment of the purchase price is to be made in cash, the cash purchase price of the shares as to which an option is exercised shall be paid in full at the time of exercise. Payment shall be made in cash, which may be paid by check or other instrument acceptable to the Company; in addition, subject to compliance with applicable laws and regulations and such conditions as the Board of Directors or the Committee, as the case may be, may impose, the Board of Directors or the Committee, as the case may be, in its sole discretion, may on a case-by-case basis elect to accept payment in shares of Common Stock of the Company which are already owned by the option holder and have been owned by the option holder for at least six months (or such other period as the Board or Committee, as the case may be, determines), valued at the Fair Market Value thereof (as defined in Paragraph 15 hereof) on the date of exercise; provided, however, that with respect to Incentive Options, no such discretion may be exercised unless the option agreement permits the payment of the purchase price in that manner.

(f) Except as provided in Paragraphs 10 and 11 hereof, no option granted to an employee may be exercised at any time by such employee unless such employee is then an employee of the Company or a Subsidiary or Parent.

8. Incentive Options.

(a) With respect to Incentive Options granted, the aggregate Fair Market Value (determined in accordance with the provisions of Paragraph 15 hereof at the time the Incentive Option is granted) of the Common Stock or any other stock of the Company or its current or future Subsidiaries or Parent with respect to which incentive stock options, as defined in Section 422 of the Code, are exercisable for the first time by any employee during any calendar year (under all incentive stock option plans of the Company and its parent and subsidiary corporations, as those terms are defined in Section 424 of the Code) shall not exceed \$100,000.

(b) No Incentive Option may be awarded to any employee who immediately prior to the date of the granting of such Incentive Option owns more than 10% of the combined voting power of all classes of stock of the Company or any of its Subsidiaries unless the exercise price under the Incentive Option is at least 110% of the Fair Market Value of the Common Stock on the date of grant and the option expires within 5 years from the date of grant.

(c) In the event of amendments to the Code or applicable regulations relating to Incentive Options subsequent to the date hereof, the Company may amend the provisions of the 2002 Plan, and the Company and the employees holding options may agree to amend outstanding option agreements, to conform to such amendments.

9. Non-Transferability of Options. Except as may be otherwise provided by the Board or Committee at or after the date of grant with respect to a Non-Qualified Option, options granted under the 2002 Plan shall not be transferable otherwise than by will or the laws of descent and distribution, and options may be exercised during the lifetime of the optionee only by the optionee. No transfer of an option by the optionee by will or by the laws of descent and distribution shall be effective to bind the Company unless the Company shall have been furnished with written notice thereof and a copy of the will and such other evidence as the Company may deem necessary to establish the validity of the transfer and the acceptance by the transferor or transferees of the terms and conditions of such option.

10. Termination of Employment. In the event that the employment of an employee to whom an option has been granted under the 2002 Plan shall be terminated (except as set forth below or in Paragraph 11 hereof), such option may be, subject to the provisions of the 2002 Plan, exercised (to the extent that the employee was entitled to do so at the termination of his employment) at any time within ninety (90) days after such termination (or such longer or shorter period as may be determined by the Board or Committee, as the case may be, at or at any time after the date of grant of the option), but not later than the date on which the option terminates; provided, however, that any option which is held by an employee whose employment is terminated for cause or voluntarily without the consent of the Company (for purposes of the 2002 Plan termination due to retirement at or after age 65 shall be deemed to be with the consent of the Company) shall, to the extent not theretofore exercised, automatically terminate as of the date of termination of employment. As used herein, "cause" shall mean conduct amounting to fraud, dishonesty, negligence, or engaging in competition or solicitations in competition with the Company and breaches of any applicable employment agreement between the Company or any Subsidiary or Parent and the optionee. Options granted to employees under the 2002 Plan shall not be affected by any change of duties or position so long as the holder continues to be a regular employee of the Company or any of its current or future Subsidiaries. Any option agreement or any rules and regulations relating to the 2002 Plan may contain such provisions as the Board of Directors or the Committee, as the case may be, shall approve with reference to the determination of the date employment terminates and the effect of leaves of absence. The Board of Directors, or Committee, as the case may be, shall, in its sole discretion, determine for purposes of the 2002 Plan whether the Company has consented to the departure of an employee who voluntarily leaves the employ of the Company.

Notwithstanding the foregoing, the Board of Directors or Committee, as the case may be, either at or any time after the date of grant of an option, may, in its discretion, provide for longer or shorter periods than the periods specified above during which an option held by an employee may be exercised by the employee after the employee ceases to be employed by the Company or a Subsidiary or Parent. Any such determination shall be based upon such factors as the Board of Directors or the Committee, as the case may be, shall determine, provided, however, that no such discretion shall be exercised with respect to an employee whose employment with the Company or Subsidiary or Parent has been terminated for cause.

11. Death or Disability of Employee. If an employee to whom an option has been granted under the 2002 Plan shall die while employed by the Company or a Subsidiary or Parent or within ninety (90) days (or such longer or shorter period as the Board of Directors, or the Committee, as the case may be, shall determine at or any time after the date of grant of the option) after the termination of such employment (other than termination for cause or voluntary termination without the consent of the Company), such option may be exercised, to the extent exercisable by the employee on the date of death, by a legatee or legatees of the employee under the employee's last will, or by the employee's personal representative or distributees, at any time within one year after the date of the employee's death, but not later than the date on which the option terminates. In the event that the employment of an employee to whom an option has been granted under the 2002 Plan shall be terminated as the result of a disability (the determination of which shall be made by the Board of Directors or Committee, as the case may be), such option may be exercised, to the extent exercisable by the employee on the date of such termination, at any time within one year after the date of such termination, but not later than the date on which the option terminates.

Notwithstanding the foregoing, the Board of Directors, or Committee, as the case may be, either at or at any time after the date of grant of an option, may, in its discretion, provide for longer or shorter periods than the one year period specified above in which an option held by an employee who ceases to be employed by the Company as a result of death or disability may be exercised. Any such determination shall be based upon such factors as the Board or the Committee, as the case may be, shall determine, provided, however, that no such discretion shall be exercised with respect to an employee who dies after the employee's employment with the Company or Parent or Subsidiary has been terminated for cause.

12. Adjustments Upon Changes in Capitalization, Etc. Notwithstanding any other provision of the 2002 Plan, the Board of Directors or the Committee, as the case may be, may, at any time, make or provide for such adjustments to the 2002 Plan, to the number and class of shares issuable thereunder or to any outstanding options as it shall deem appropriate to prevent dilution or enlargement of rights, including adjustments in the event of changes in the outstanding Common Stock by reason of stock dividends, split-ups, recapitalizations, mergers, consolidations, combinations or exchanges of shares, separations, reorganizations, liquidations and the like. In the event of any offer to holders of Common Stock generally relating to the acquisition of their shares, the Board of Directors or the Committee, as the case may be, may make such adjustment as it deems equitable in respect of outstanding options and rights, including in its sole discretion revision of outstanding options and rights so that they may be exercisable for the consideration payable in the acquisition transaction. Any such determination by the Board of Directors or the Committee, as the case may be, shall be conclusive and binding upon the Company and the participants in the 2002 Plan. Any fractional shares resulting from such adjustments shall be eliminated.

13. Effective Date. The 2002 Plan shall become effective on April 25, 2002, the date of adoption by the Board of Directors of the Company, subject to approval by the stockholders of the Company on or before April 24, 2003.

14. Termination and Amendment. The Board of Directors of the Company may suspend, terminate, modify or amend the 2002 Plan, provided that any amendment that would increase the aggregate number of shares which may be issued under the 2002 Plan or materially modify the requirements as to eligibility for participation in the 2002 Plan, shall be subject to the approval of the Company's stockholders, except that any such increase or modification that may result from adjustments authorized by Paragraph 12 hereof does not require such approval. No suspension, termination, modification or amendment of the 2002 Plan may, without the consent of the person to whom an option shall theretofore have been granted, adversely affect the rights of such person under such option.

15. Miscellaneous. As said term is used in the 2002 Plan, the "Fair Market Value" of a share of Common Stock on any day means: (a) if the principal market for the Common Stock is a national securities exchange or the National Association of Securities Dealers Automated Quotations System ("NASDAQ"), the closing sales price of the Common Stock on such day as reported by such exchange or market system, or on a consolidated tape reflecting transactions on such exchange or market system, or (b) if the principal market for the Common Stock is not a national securities exchange and the Common Stock is not quoted on NASDAQ, the mean between the highest bid and lowest asked prices for the Common Stock on such day as reported by the National Quotation Bureau, Inc.; provided that if clauses (a) and (b) of this paragraph are both inapplicable, or if no trades have been made or no quotes are available for such day, the Fair Market Value of the Common Stock shall be determined by the Board of Directors or the Committee, as the case may be, and shall be conclusive as to the Fair Market Value of the Common Stock.

In the event the Company is the subject of an acquisition, merger or consolidation or similar transaction where the Company is not the surviving entity, the Board or Committee, as the case may be, may in its sole discretion, but shall not be required to, request that as a condition of the transaction the surviving entity assume the obligations of the Company with respect to the options then outstanding under the 2002 Plan.

The Board of Directors or the Committee, as the case may be, may require, as a condition to the exercise of any options granted under the 2002 Plan, that to the extent required at the time of exercise, (i) the shares of Common Stock reserved for purposes of the 2002 Plan shall be duly listed, upon official notice of issuance, upon stock exchange(s) on which the Common Stock is listed, (ii) a Registration Statement under the Securities Act of 1933, as amended, with respect to such shares shall be effective, and/or (iii) the person exercising such option deliver to the Company such documents, agreements and investment and other representations as the Board of Directors or the Committee, as the case may be, shall determine to be in the best interests of the Company.

During the term of the 2002 Plan, the Board of Directors or the Committee, as the case may be, in its sole discretion, may offer one or more option holders the opportunity to surrender any or all unexpired options for cancellation or replacement. If any options are so surrendered, the Board of Directors or the Committee, as the case may be, may then grant new Non-Qualified or Incentive Options to such holders for the same or different numbers of shares at higher or lower exercise prices than the surrendered options. Such new options may have a different term and shall be subject to the provisions of the 2002 Plan the same as any other option.

Anything herein to the contrary notwithstanding, the Board of Directors or the Committee, as the case may be, may, in its sole discretion, impose more restrictive conditions on the exercise of an option granted pursuant to the 2002 Plan, including the ability of an option holder to exercise an option after cessation of employment; however, any and all such conditions shall be specified in the option agreement limiting and defining such option. The Board of Directors or the Committee, as the case may be, may also amend the terms of any option previously granted under the 2002 Plan, provided that the terms of any such amended option are not inconsistent with any provisions of the 2002 Plan and that no such amendment shall adversely affect the rights of the person to whom the option has been granted without the consent of such person or, if applicable, the permitted transferee of such optionee or any person entitled to act under Paragraph 11 hereof.

Nothing in the 2002 Plan or in any option granted pursuant to the 2002 Plan shall confer upon any employee any right to continue in the employ of the Company or any of its Subsidiaries or parent or affiliated companies or interfere in any way with the right of the Company or any such Subsidiary or parent or affiliated companies to terminate such employment at any time.

16. Compliance with SEC Regulations. It is the Company's intent that the 2002 Plan comply in all respects with Rule 16b-3 of the Act or any successor rule and any regulations promulgated thereunder. If any provision of the 2002 Plan is later found not to be in compliance with said Rule, the provisions shall be deemed null and void.
