Management Comments

"Our second quarter results were outstanding, highlighted by Net Bookings of \$985 million, which greatly exceeded our expectations and increased 3% as compared to last year," said Strauss Zelnick, Chairman and CEO of Take-Two. "We experienced consistently strong engagement trends across our key franchises, underscoring the durability of our offerings and the deep relationships that we have established with new, existing, and returning players."

"As a result of our better-than-expected second quarter operating results, along with our updated forecast for the balance of the year, we are raising our Net Bookings guidance for the year to \$3.3 to \$3.4 billion."

"We remain highly optimistic about our ability to capitalize further on the positive trends of our industry. As we continue to harness and enhance our competitive advantages – our incredible creative talent, best-in-class marketing and technology, and strong balance sheet – we will introduce new entertainment experiences that we believe have vast commercial potential and the ability to drive long-term engagement and recurrent consumer spending. We also expect to continue to attract the very best creators who share in our vision to set new benchmarks and captivate audiences throughout the world."

COVID-19 Update

At Take-Two, our number one priority has remained the health and safety of our employees and their families. We are taking a prudent approach relating to our return to office cadence and planning. Some of our offices are open, and we plan for the majority of our offices to reopen in the coming months. Given the evolving dynamics of the COVID-19 pandemic, we are strictly following protocols from local governments and health officials to ensure that we are adhering to their safety standards.

Due to the shelter-in-place orders that began last year, we experienced heightened levels of engagement and Net Bookings growth during our fiscal 2021 period. As the return to normalcy continues to unfold, the impact to our business, operations and financial results will depend on numerous evolving factors that we are not able to predict. The key risks to our business are set forth under the heading "Cautionary Note Regarding Forward-Looking Statements" in this release and in Take-Two's Annual Report on Form 10-K for the fiscal year ended March 31, 2021

Non-GAAP Financial Measure

In addition to reporting financial results in accordance with U.S. generally accepted accounting principles (GAAP), the Company uses a Non-GAAP measure of financial performance: *Adjusted Unrestricted Operating Cash Flow*, which is defined as GAAP net cash from operating activities, adjusted for changes in restricted cash. The Company's management believes it is important to consider Adjusted Unrestricted Operating Cash Flow, in addition to net cash from operating activities, as it provides more transparency into current business trends without regard to the timing of payments from restricted cash, which is primarily related to a dedicated account limited to the payment of certain internal royalty obligations.

This Non-GAAP financial measure is not intended to be considered in isolation from, as a substitute for, or superior to, GAAP results. This Non-GAAP financial measure may be different from similarly titled measures used by other companies. In the future, Take-Two may also consider whether other items should also be excluded in calculating this Non-GAAP financial measure used by the Company. Management believes that the presentation of this Non-GAAP financial measure provides investors with additional useful information to measure Take-Two's financial and operating performance. In particular, this measure facilitates comparison of our operating performance between periods and may help investors to understand better the operating results of Take-Two. Internally, management uses this Non-GAAP financial measure in assessing the Company's operating results and in

planning and forecasting. A reconciliation of this Non-GAAP financial measure to the most comparable GAAP measure is contained in the financial tables to this press release.

Final Results

The financial results discussed herein are presented on a preliminary basis; final data will be included in Take-Two's Quarterly Report on Form 10-Q for the period ended September 30, 2021.
